5 Credits (I&S) : SLN 19913

Tuesday/Thursday 12:30-2:20

POWER, INEQUALITY AND MARKETS: INTRODUCTION TO ECONOMIC SOCIOLOGY

What role do governments play in markets? Who gets good jobs? Why do black and Hispanic borrowers pay more for mortgages? Do credit scores reflect or create social inequality? We will address these questions and more in this class, which provides an introduction to economic sociology through the study of power and inequality in markets.
